National Change Of Addres

An Introduction

NCOALink®

NCOA is a system of record for all COA requests and is used to produce the NCOALink product.

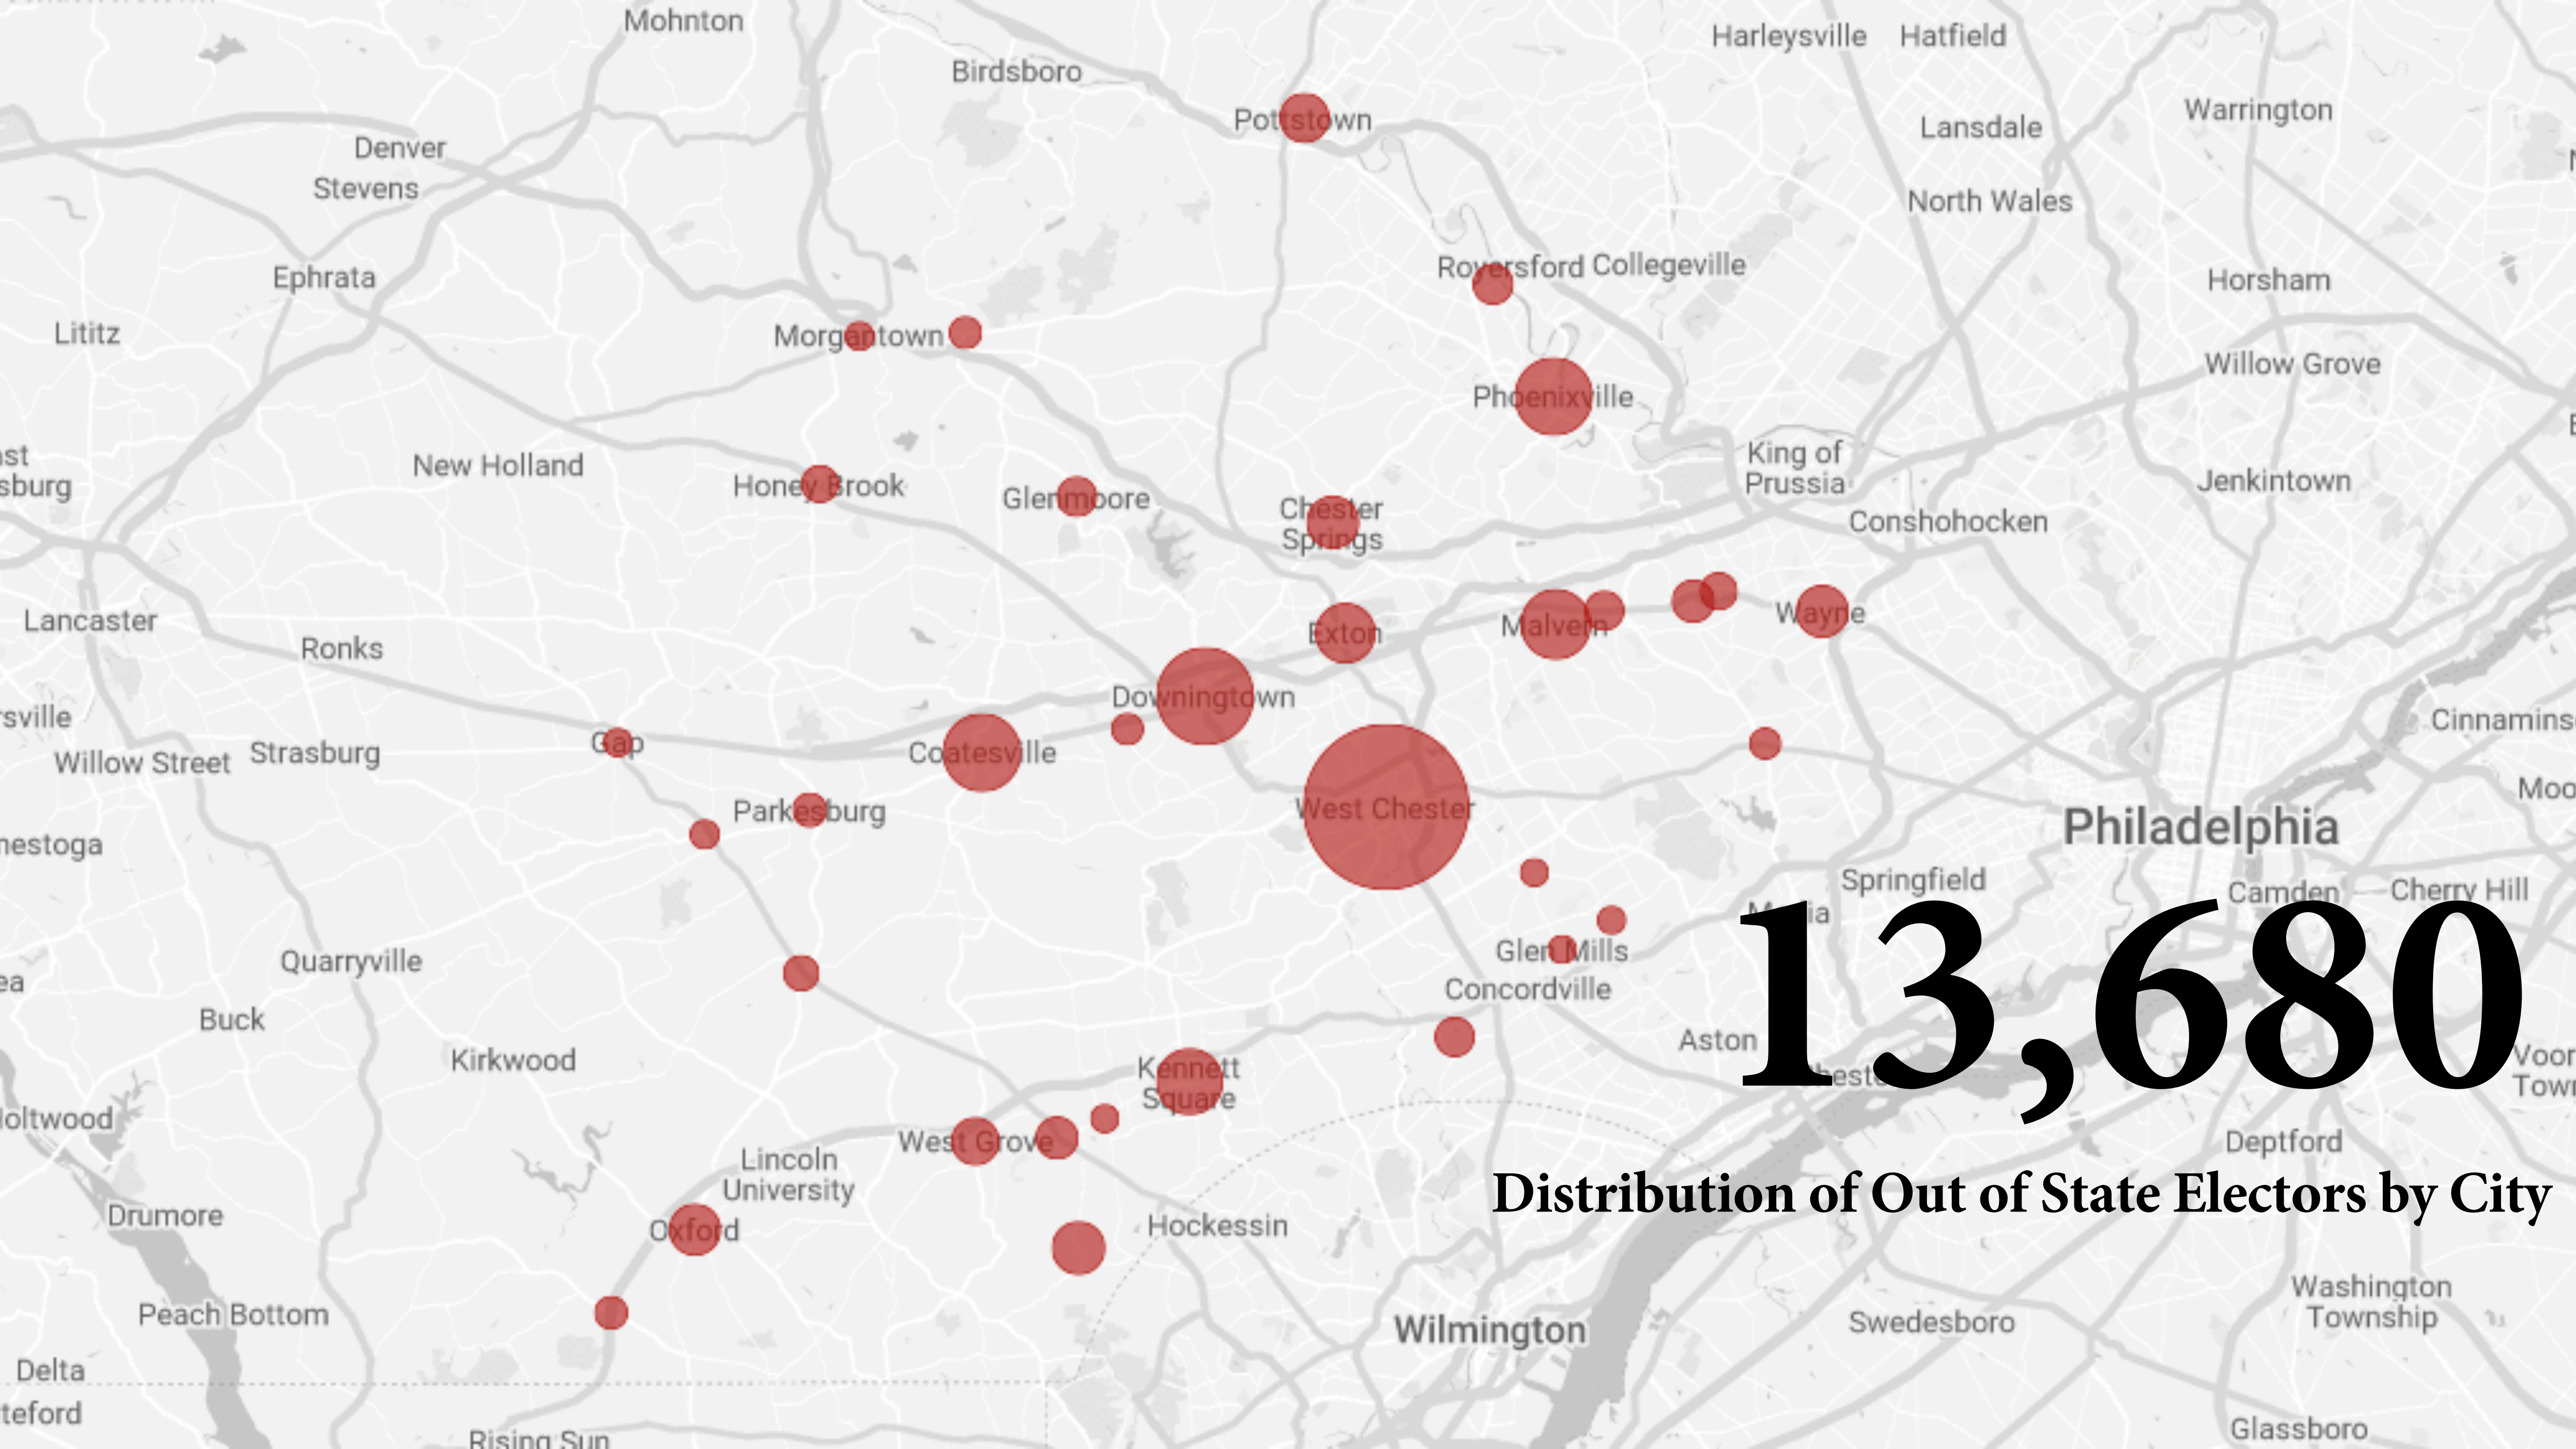

The NCOALink Product is a secure dataset of approximately 160 million permanent change-of-address (COA) records constructed from names and addresses of individuals, families, and businesses who have filed a change-of-address with the Postal Service™. Developed with secure data store technology to increase security of postal customer data and protect the privacy of this information, the NCOALink Product enables mailers to process mailing lists and update lists with new addresses prior to mailing. The NCOALink data is provided on a regular basis to companies that have been licensed by the Postal Service.

The Remedy

NCOA Requirements for Counties

§ 1901. Removal of electors.

(a) **Removal of elector's registration record.**--Commissions shall institute a program to protect the integrity of the electoral process and to ensure the maintenance of accurate and current registration records. The program shall be uniform, nondiscriminatory and in compliance with the Voting Rights Act of 1965 (Public Law 89-110, 42 U.S.C. § 1973 et seq.). **An elector's registration shall not be canceled except as follows:**

(1) At the request of the elector.

(2) Upon the death of the elector under section 1505 (relating to death of registrant).

(3) **Upon confirmation that the elector has moved to a residence outside the county.**

(4) Under a voter removal program as provided for under subsection (b), and in compliance with the National Voter Registration Act of 1993 (Public Law 103-31, 42 U.S.C. § 1973gg et seq.).

(b) **Voter removal program.**--

(1) Each commission shall establish a program to identify registered electors whose address may have changed by establishing one of the following programs:

(i) **National change of address.** The secretary shall establish by regulation a program whereby information supplied by the United States Postal Service through its licensees is used on a periodic basis, but not less than once every calendar year, to identify registered electors who may have changed addresses. The information shall be incorporated in the SURE system and shall be forwarded to the commissions in a manner determined by the secretary by regulation.

(A) If it appears from the information provided through the United States Postal Service that a registered elector has moved to a different residence address within the same county as the elector is currently registered, **the commission shall change the registration records to show the new address** and shall send the elector, to the address recorded on the elector's registration, a notice of the change of address by forwardable mail and a postage prepaid, preaddressed return form by which the elector may verify or correct the address information.

(B) If it appears from the information provided through the United States Postal Service that a **registered elector has moved to a different residence address outside the county, the commission shall use the notice procedure described in clause (A).**

(ii) Confirmation mailing:

(A) A commission may establish a program by sending a direct, nonforwardable first class "return if undeliverable - address correction requested" mailing to all registered electors in the county.

(B) If this program is established, the commission shall use the notice procedure described in subparagraph (i) (A) for any registered elector whose mailing is returned undeliverable.
